

AQUASTONE POOLS & LANDSCAPES

SOPHISTICATED SWIMMING

PERFECT FOR THE WHOLE FAMILY

The owners of this Sydney-based residence wanted a pool that would complement their new ultra-modern home. They also wanted a fun outdoor area to keep their kids entertained for hours at a time.

In response to this, Aquastone Pools & Landscapes designed a pool and integrated spa with clean lines and high-quality finishes, which acts as a stylish extension to the family's outdoor entertaining area. The pool features a waterslide and rock feature, as well as frameless glass fencing and a fully-tiled surface.

Equipped with a glass media filter and a mineral chlorinator with pH control, the pool is easy to care for, and has a gas heater to ensure year-round enjoyment. Automated with a Connect 10 pool and spa control system, the pool's multi-coloured LED lights, gas heater and water features can be controlled with a smart phone, tablet, computer or LED display panel.

Built flush with the back of the house, the pool acts as the backyard's focal point and can be viewed from the home's main open-plan living area.

Aquastone Pools & Landscapes was established in 1996 by brothers Scott and Gavin Bazley. As well as new projects like the one pictured here, the company also completes renovations throughout Sydney. The team strives to deliver the very best quality outdoor living space for each and every client.

At Aquastone Pools & Landscapes, the person who sells you the pool is the person who will build your project. The team prides itself on going the extra mile to ensure your newly created outdoor living space is one that you will enjoy now and well into the future.
