

## AQUASTONE POOLS & LANDSCAPES

# STYLISH TRANSFORMATION

A FUNCTIONAL, DETAIL-ORIENTED DESIGN

The owners of the featured project approached Aquastone Pools & Landscapes for a tasteful makeover of their pool and outdoor area that would complement their newly renovated home. The detailed design was carefully thought out to ensure the end result was both beautiful and functional.

The renovated 9m x 4m pool features a Gemtex Arctic Series finish for a stylish and modern aesthetic. Aquastone Pools & Landscapes also created complementary landscaping that improves the visual appeal of the entire backyard.

Composite timber decking was cleverly integrated into the pool area to provide convenient entertaining spaces from where the owners can keep an eye on the children as they swim. An additional play area was created with a vibrant touch of grass.

Demonstrating exceptional attention to detail, Aquastone Pools & Landscapes installed a frosted-glass fence that maximises the beautiful bushland views while maintaining privacy and practicality.

The pristine pool is fitted with a state-of-the-art pump and chlorinator from AstralPool, LED lights from Aqua Quip and energy-saving solar heating from Sunbather. Garden lights and deck-mounted LED lights were installed to effectively illuminate the different zones for superior safety and aesthetic appeal.

Aquastone Pools & Landscapes was established in 1996 by brothers Scott and Gavin Bazley. As well as renovation projects like the one pictured here, the company also completes new projects throughout Sydney. The team strives to deliver the very best outdoor living space for each and every client.

At Aquastone Pools & Landscapes, the person who sells you the pool is the person who will build your project. The team prides itself on going the extra mile to ensure your newly created outdoor living space is one that you will enjoy now and well into the future.
