

AQUASTONE POOLS & LANDSCAPES

A STUNNING OASIS

AWARD-WINNING INNOVATION

Built on a severely sloping block, this stunning outdoor space epitomises Aquastone Pools & Landscapes' construction skills. The pool, cabana and landscaping were all installed by the company to create the highly functional entertaining area the clients requested.

The 7m x 4m pool won silver in the Innovative Pools category at the 2017 Swimming Pool and Spa Association (SPASA) Awards. To create the perfect entertaining space, the company incorporated complementary colours and a fully functional design.

Aquastone Pools & Landscapes showed tremendous tenacity when constructing this outdoor space as the pool needed to be slightly suspended to accommodate the slope. With frameless glass fencing, the tranquil pool area marries with the levelled lawn for spacious visual appeal.

With LED lights and a relaxing cabana built to the waterline, the pool is the perfect space for the clients to entertain their family and friends at any hour. An extended step-entry combines with wide granite paving to make the pool exceptionally child-friendly.

Aquastone Pools & Landscapes was established in 1996 by brothers Scott and Gavin Bazley. In addition to new projects, the company also completes renovation projects throughout Sydney. The team strives to deliver the very best outdoor living space for each and every client.

At Aquastone Pools & Landscapes, the person who sells you the pool is the person who will build your project. The team prides itself on going the extra mile to ensure your newly created outdoor living space is one that you will enjoy now and well into the future.
