

## AQUASTONE POOLS & LANDSCAPES

# A RURAL RETREAT

RELAXING MADE EASY

Situated on a spectacular rural property, this bespoke, generously sized pool by Aquastone Pools & Landscapes fuses sleek geometry, modern technology, and textural accents to create an outdoor haven for the homeowners.

This show-stopping centrepiece flows out from the home's alfresco area, creating an elegant extension from the rural abode. Multiple water features and the luxurious heated spa elevate this pool into an lavish retreat, while the gorgeous cabana and sunken sun lounges add to the functionality of the space without hindering the contemporary design.

Lighting was a crucial element to the homeowners' brief, as they wanted the pool to be a feast for the eyes. The team of experts at Aquastone Pools & Landscapes successfully achieved this with the installation of nine underwater LED lights and LED strip lighting on the water features to illuminate the pool when the sun goes down.

This opulent, outdoor oasis boasts numerous seating areas, with the pool ledges, sun-lounges and cabana adding a practical touch that elevates this backyard into a sophisticated entertaining space for all.
